ismet transformátory s.r.o. Běhařovice 100, CZ - 671 39 Běhařovice

Declaration of Conformity: Substances of Very High Concern (SVHC)

This declaration applies to: all products and materials supplied by our company

We hereby declare that we are fully aware of our obligations under **Article 33** of Regulation (EC) No. 1907/2006 of the European Parliament and of the Council (REACH) regarding the communication of information on Substances of Very High Concern (SVHC).

Based on the information provided by our supply chain and our own assessments, we confirm the following regarding the aforementioned products:

1. **Absence of SVHCs (Concentration < 0.1% w/w)** We declare that, to the best of our knowledge, our products (including their packaging) **do not contain** any substances included in the current Candidate List of SVHCs published by the European Chemicals Agency (ECHA) in a concentration above **0.1% weight by weight (w/w)**.

*This statement refers to the Candidate List updated on **February 4, 2026**, which currently contains **253 substances**.*

2. Continuous Monitoring and Communication We are committed to continuously monitoring updates to the ECHA Candidate List, which is typically updated bi-annually. Should any future updates to the list, or changes in our product composition, result in an SVHC being present in our products above the 0.1% w/w threshold, we will inform you without delay and provide sufficient information to allow the safe use of the article, in strict compliance with REACH Article 33.
